

DEPARTMENT OF BIOTECHNOLOGY
National Institute of Technology, Raipur

Date: 04.06.2021

JRF position under SERB-DST funded project

Applications are invited for the position of Junior Research Fellow (JRF) in the Department of Biotechnology at National Institute of Technology, Raipur for a SERB-DST sponsored research project titled “In situ application of a Microbial Peroxide producing cell for oxidative depolymerisation of lignin and its subsequent valorisation”.

Name of position/No.: JRF/one

Principal Investigator: Dr. Pratima Gupta

Broad area of Research: Microbial electrochemical Technology

Duration of the project: 3 years. Initially the appointment for JRF is one year

Emoluments (Rs.): 31,000 + HRA (as per institute norms) per month for firsttwo years and 35,000 + HRA (as per institute norms) per month for the third year

Last date of Application: 22nd June 2021

Qualification: Candidates must hold a 1st Class M.Tech/M.Sc/MS/ME/ in Biotechnology/Chemical engineering or equivalent. Preference will be given to candidates with GATE/NET qualification. Candidates having good knowledge in Microbial electrochemical systems will be given preference.

How to Apply: Interested candidates may send their curriculum vitae with contact details and details of research experience to the principal investigator (email: pgupta.bt@nitrr.ac.in). Contact Number: +91-7000420752

The interview will be conducted online. Shortlisted candidates will be contacted via e-mail for online interview.

Note: Selected candidate will be encouraged to apply for the PhD program at National Institute of Technology, Raipur (Rules of PhD program for NITRR are applicable)
